OUTBREAK OF RABBLE

Will Likely Occur If International Forces Are Checked.

AMERICAN TROOPS IN PHILIPPINES

Will Probably Be Sent to Celestial Empire to Rescue Missionaries and Protect Foreign Embassies and Legations.

Washington, June 15.—It seems probable that after all the United States troops in the Philippines will be called upon to furnish a contingent to assist in the rescue of the foreign missionaries in China and in the protection of the foreign embassies and legations. A great change has come over the administration, for at first there was a firm determination not to go beyond the employment of marines and sailors.

London, June 15.—The news from China is distinctly confused but the general trend indicates that the gravity of the situation has in no way diminished.

Shanghai provides the usual crop of alarmist rumors as to the conditions at Peking and the preparations to oppose the international forces. But there is a disposition in London to regard the safety of the legations of the Europeans there as not seriously threatened at the present moment. It is realized, however, that the slightest sign of a check to the international forces will put an entirely different face on the matter and will probably lead to an outbreak of the rabble which will not be easily controlled. Besides the news of the burning of the French and British missions at Yunnan Fu is regarded as extremely grave as it points to the extension of the rebellion to remote portions of the empire.

If the reports of the Chinese opposition to the entry in Peking of the international forces are true, it may be necessary for Admiral Seymour to await reinforcements.

The latest accounts says Generals Tunt and Ma are reported to be concentrating forces at Feng-Tai, while General Nieh who killed a number of "Boxers" has been degraded.

The Pall Mall Gazette continues to support the view that the initiative in the present crisis can best come from Washington, saying that as the disruption of China has been stayed in the past by the intervention of the United States, a similar intervention will have the same effect now and save the mercantile world irreparable loss.

THREE MONTHS' SUPPLIES

Sent to the American Admiral in Chinese Waters.

Washington, June 15.—Nothing has come to the state department from United States Minister Conger at Peking since last Tuesday and the officials have settled down to the belief that not until the foreign relief column reaches the Chinese capital, will Minister Conger be able to resume the use of the cable.

It is ominous that nothing has been heard from the United States consul at Chin Kiang since his first application for the sending of the warship to that point and it may be that he has been isolated.

The consul at Chefoo is in better position, for a cablegram received at the navy department announces the arrival of the gunboat Yorktown at that port. The vessel probably will lie at Chefoo awaiting orders. She is within a day's sail of Taku and can be summoned by Admiral Kempff if he needs reinforcement at short notice. It is probable, however, that the Yorktown will serve a better purpose by remaining in the vicinity of Chefoo as the "Boxers" are reported to be active in that section of Shantung.

Admiral Remy cabled the navy department as follows from Cavite: "At Kempff's request I shall send the Iris about the 20th with coal and stores for 900 men for three months."

The Iris is a big collier and distilling ship. Nine hundred men mentioned in the cablegram make up the personnel of the flagship Newark, the Monocacy, now on the way to Taku and the Yorktown, at Chefoo, with the marine contingent ashore in China.

The significant feature of the message is the indicated opinion of Admiral Kempff that the disturbances in China may be expected to last several months at least.

It is admitted that the cabinet is seriously considering the dispatch of troops to Tien Tsin and it is understood that inquiries are being made probably directed to General MacArthur as to the number of troops that can be spared for this emergency and the possibility of securing transporta-

tion for them. The troops could not be gotten to Tien Tsin in less than a week, even if the order for their employment should go forward at once. That the crisis is by no means past, but on the contrary is rather more acute, is evidenced by a cablegram received by the state department from the United States consul at Tien Tsin, Mr. Ragsdale. He says that the mobs in control of the native city of Tien Tsin and the authorities do not seem able to do anything with them.

Miss Terry Not Murdered.
New York, June 15.—Dr. A. B. Leonard, of the missionary society received a cablegram showing that Miss Terry had not been murdered at Tsunlung as reported.

TAYLOR'S FRIENDS

Say They Will Resist Any Attempt to Capture Him.

Indianapolis, June 15.—Friends of W. S. Taylor of Kentucky, who will be of the party going to the Philadelphia convention which the Kentuckian is expected to join, say that they will see to it that Mr. Taylor is not taken en route and carried to Kentucky by the officers of that state. They declare they will resist to the utmost any attempt to get possession of the Republican claimant to the governorship and will go prepared to defend him. Mr. Taylor is still in the city and is completing his arrangements to attend the convention.

About Vice President.

Philadelphia, June 15.—While there have been no startling developments in the vice presidential situation a slightly new turn has been given the discussion by an interview in New York with Senator Platt, in which he suggests B. B. Odell, chairman of the New York state Republican committee as a candidate. If the New York delegation should present Odell, he would make quite a formidable candidate, but it also suggests to a number of leaders here that in such an event the convention might be stamped to Representative Dolliver of Iowa, as there is apparently a growing demand for a western candidate. It is expected that Senator Allison is urging Mr. Dolliver with considerable persistency and says that if they need any Iowa man Dolliver should be selected. On the other hand there are those who declare that the Iowa senator is urging Dolliver, knowing that it takes the talk away from himself.

Telegraph Lines Again Cut.

Paris, June 15.—At a cabinet council the minister of foreign affairs, M. Delcasse announced that the telegraph line had again been cut. The latest dispatch from the French minister there he added, was dated the evening of June 12, and said the Chinese government had informed him it would not oppose the foreign detachments entering Peking. The French consul at Tien Tsin, Delcasse said, telegraphed that all was quiet within the French concession there, which was guarded by French and Russian troops. Finally M. Delcasse said, a swift, first class cruiser had been ordered to proceed to Taku to reinforce the French naval division at that place.

No More Sympathetic Strikes.

Chicago, June 15.—Sympathetic strikes are to be a thing of the past, if a plan of arbitration can be agreed upon by the building trades unions and the associations affiliated with the building contractors' council. A declaration to this effect will come from the delegates who participated in the joint conference with the contractors on Tuesday and Wednesday and who were in secret caucus all the day debating a plan of settlement of the labor trouble.

New Incorporations.

Columbus, O., June 15.—Cleveland Telephone company, increase from \$3,000,000 to \$4,000,000; Court Jan Hus No. 6,394, Ancient Order of Foresters of America, Cleveland, amendment changing name to Court Jan Hus No. 16, Foresters of America; Buckeye Gas Lamp company, Cleveland, \$10,000; Wheeling and Lake Erie Mining company, Cleveland, \$100,000; Standard Mica company, Cleveland, \$10,000; Hamler Telephone company, Hamler, \$10,000.

Hanged at Sunrise.

Liberty, Mo., June 15.—Ernest R. Clevenger was hanged here at 5 a. m. in the county court. Clevenger met death fearlessly and walked upon the scaffold unassisted. He was pronounced dead in 13 minutes from the time of the drop. Clevenger was hanged for the murder near Missouri City in 1897 of George Allen and Della Clevenger, the latter his cousin. Clevenger was enamored of his cousin and jealous of Allen's attentions.

Richard Croker, Tammany leader, will sail from England June 16.

About \$300,000 have been given to Denison university at Granville, O.

SUBCOMMITTEE MEETS

To Look Over Arrangements For Convention at Kansas City.

ACTION OF REPUBLICAN COMMITTEE

The Contest From Tennessee Is Settled by Barring Out the Evans Delegation—Other Political Information.

Kansas City, June 15.—The subcommittee of the Democratic national committee appointed to deal with the arrangements for the national convention July 4 met here.

The committee has come to Kansas City to make final arrangements for the gathering and to hear reports of the local committees and of Colonel John Martin, sergeant-at-arms.

The two most important questions to be considered will be the alleged extortionate rates charged by hotel men and the ability of the contractors to finish the convention hall sufficiently to accommodate the convention.

It was nearly noon when the committee was called to order by Hon. James K. Jones, chairman of the national committee. Those present were J. G. Johnson of Kansas, vice chairman of the executive committee; C. A. Walsh, of Iowa, secretary of the national committee; D. J. Campan, of Michigan, Adairs Wilson, of Colorado, Wilson J. Stone, of Missouri and John I. Martin.

TENNESSEE CONTEST.

Brownlow Delegation Put on the Rolls of Convention.

Philadelphia, June 15.—At the Republican national committee M. Fessenden again presided. The contest over the delegation at large from Tennessee was immediately taken up, R. Sharp, chairman of the state executive committee being recognized to speak for the contestants bearing the name of Pension Commissioner Evans.

Mr. Sharp contended on behalf of Evans contestants that they were prevented from participating in the state convention which chose delegates and that the whole trouble originated in the state committee which issued the call. He also said that previous to the call, conventions had been held in 22 counties in eighteen of which instructions had been given for Evans.

Contests ensued and at the convention a sufficient number of Brownlow delegates thus chosen secured control of the temporary organization. As a consequence the Evans people held another convention. The contest between the two factions was reviewed throughout. In the state conventions the credentials committee had seated every Brownlow contestant and denied Mr. Evans a seat in the convention hall. After this the Evans people retired and held a convention of their own which they claimed was strongly in accord with the customs of the Republican party. He asserted that Mr. Brownlow had attempted to perpetuate himself in power "through the medium of a willing and subservient committee appointed by himself."

He asserted that so long as Mr. Brownlow should remain at the head of Tennessee's political affairs there would be two organizations because of Brownlow's ambition.

Mr. Brownlow and his followers were represented by Congressman Gibson and George M. Henderson. They dwelt with especial emphasis upon the claim of the Brownlow delegation to regularity.

Mr. Evans then spoke in behalf of his own delegation, pleading earnestly for the recognition of his followers. He said he was with the Republican party and that he wanted no factions. He had gone to Nashville for the purpose of advocating harmony only to find himself for the first time in his life refused admission to a Republican convention. He was unable to even get a seat in the gallery. He controverted Mr. Gibson's summary of facts, saying it was not accurate in detail and criticised the methods of Mr. Brownlow preliminary to the state convention.

Mr. Evans was frequently interrupted by questions from members of the convention.

Mr. Brownlow followed Mr. Evans in defense of his own course, contending that it had been regular and in the interest of the Republican party. He contradicted some of Mr. Evans' statements, saying among other things he had delivered tickets to every Evans delegate who was uncontested. Speaking of the contests he asserted that Mr. Evans was himself a party to a contest with the postmaster from his own town.

"That is false," shouted Mr. Evans, rising from his seat. Both men glared

at each other for a second and both began to gesticulate rather wildly and to talk at once, there were then loud calls on the part of the members of the committee for the sergeant-at-arms. Mr. Brownlow ended the incident by taking his seat.

The national committee decided in favor of Brownlow's delegation in the Tennessee contest by an unanimous vote.

ADMIRAL DEWEY

Talks About Presidential Nomination and Chinese Situation.

New York, June 15.—A Washington correspondent sends a report of an interview with Admiral Dewey in which he is represented as confessing that his presidential prospects are not good. He said: "Some time ago the leaders or those whom we have always regarded as the leaders, asked me if I would allow my name to be used in connection with the presidency."

After thinking this proposition over several weeks, I said yes, and accordingly announced that if the people wanted me to serve in that capacity I would gladly do so.

"But I thank God they do not appear to want me."

"But," it was suggested, "many Democrats throughout the country are discussing the desirability of placing you on the ticket with Mr. Bryan. I have not contemplated being a candidate for vice president," replied the admiral with his usual frankness. "I am not a candidate for nomination for that office and would not accept the nomination if offered. My position is unchanged; I stand now where I have stood for the past three months."

The above statement was submitted to and approved by Admiral Dewey.

Admiral Dewey is entirely familiar with the situation in China. When asked the direct question "What is likely to be the outcome of the present complications in China?" the admiral shook his head, as if uncertain about venturing an opinion.

"The situation in China," he said, "I regard as a very serious one—very serious indeed. I can only see but one outcome as a result of the conflict now in progress in China and that is the adoption of the American policy in favor of open ports for American commerce on equal terms with all the other commercial nations of the world. It must come to that eventually and it is fortunate that we are in a position to say to the nations of Europe, 'we are in this deal, gentlemen.'"

"This would not have been possible," continued the admiral, "had it not been for the result of the Spanish war. It seems that God is with us in making it possible to have at the moment the largest army of men and the most formidable fleet of ships right on the spot to enforce our rights and see that American interests are protected."

Then you sincerely believe in our retention of the Philippines? the admiral was asked.

"Most assuredly I do," was the reply. "Had it not been for our acquisition of those islands, it would not have been possible to have the fighting force in those waters today and we would have been ignored in the deliberations now daily held by the representatives of the great nations of Europe relative to China."

St. Louis Strike Over.

St. Louis, June 15.—As far as outward appearances go, there was very little evidence to indicate that a strike exists on the lines of the St. Louis Transit company. With the exception of guards of deputy sheriffs at the numerous car sheds and power houses of the company, everything had a peaceful appearance. Cars on all the divisions were apparently running with as much regularity and as free from interference as before the strike. Officers of the Transit company state that during the past two weeks, they have received applications for reinstatement from several hundred strikers. Recent arrivals of motormen and conductors from out of town number 100, they say. According to the officers, regular schedules, day and night will be maintained henceforth on all the divisions.

Not Excessive Charges.

Chicago, June 15.—The United States circuit of appeals in a decision delivered affirmed the decision of the lower court in holding that the excess charge of \$2 per car on cars entering the stock yards is not excessive. The interstate commerce committee some months ago, acting on complaints made by cattle shippers of the west that the terminal charges were excessive, brought suit against the western lines to have the charges reduced. The decision was against the commission and the case was appealed. The matter may be carried to the supreme court of the United States.

Charles P. Packer, an ex-financier of Chicago, has been arrested for obtaining money under false pretenses.

A STRATEGIC POSITION

Gained by the British in the Occupation of Klerksdorp.

A CONSTRUCTION TRAIN ATTACKED.

Boers Whom General Methuen Was Reported to Have Completely Routed Seem to Have Quite Recuperated.

London, June 15.—By the peaceful occupation of Klerksdorp announced by Lord Roberts, the British have gained a strategic position of some importance, as the town is not only the terminus of another railroad to Johannesburg, but it is within easy reach of the Kroonstad-Vierfontein railroad.

The Cronje who surrendered the place is a son of the famous General Cronje, now a prisoner at St. Helena. The son was prominent during the siege of Mefeking.

Apart from the fact that Lord Roberts' dispatch comes direct from Pretoria showing the telegraph line is reopened the only other point of interest is the fact that the Boers whom General Methuen was reported to have utterly routed have sufficiently recuperated to attack a reconstruction train.

A dispatch from Kimberly reports the capture of the well known pugilist "Jim" Holloway, who was an adjutant in the Boer army and who blew up the bridge at Fourteen Streams. Holloway was among a body of federals captured in the western part of the Transvaal. The Afrikaner bond congress opened at Pearl with 70 delegates including seven assemblymen present.

It is feared at Cape Town that the parliamentary deadlock will lead to a temporary suspension of the constitution and there is much anxiety in regard to the possible outcome of such a grave step.

Sir John Gordon Sprigg is experiencing much difficulty in forming a cabinet, Mr. Schreiner persisting in his refusal to support a ministry dominated by Cecil Rhodes, owing to personal antipathies. A coalition seems impracticable. Messrs Rose-Innes and Solomon are not inclined to accept subordinate positions in a government composed of nominees of the South African League.

If Mr. Schreiner is dissatisfied with the personnel and pledges of new ministry, the latter will be unable to pass imperial measures and a dangerous deadlock will ensue which may lead to a grave constitutional crisis.

Message From Roberts.

London, June 15.—The war office has received the following dispatch from Lord Roberts at Pretoria: "As I telegraphed yesterday from one of our outposts, 15 miles east of Pretoria, the Boers evacuated their position during the night of June 12, they had paid so much attention to strengthening their flanks that their center was weakly held, and as soon as this became evident, on June 12 I directed Ian Hamilton to attack. He moved against Diamond Hill with the Suffolks, Derbyshires and City Imperial volunteers, supported on the left by the Guards brigade under Inigo Jones. It was grand, seeing the way our men advanced over the difficult ground and under a heavy fire. The casualties, I am thankful to say, were less than 100, a very small number considering the natural strength of the position which had to be carried. Our seizure of Diamond Hill caused the Boers to feel they were practically surrounded and this resulted in their hasty retirement. They were being followed by some of our mounted corps. Hamilton spoke in high terms of the troops engaged. Hamilton received a contusion from a shrapnel bullet in the shoulder, but is, I am happy to say, able to perform his duty."

The rest of Lord Roberts' dispatch deals with the casualties.

Boers Attack Construction Train.

London, June 15.—The war office issues the following dispatch from Lord Roberts at Pretoria: "Klerksdorp surrendered on June 9 to an armed party sent on by Hunter. Kitchener reports that the Boers attacked a reconstruction train a few miles north of Rhenoster river. He sent out mounted troops and drove off the enemy before they could do damage. One man was killed and 11 wounded, including two officers. A messenger from Klerksdorp reports that Cronje, who was commanding there, determined to surrender as soon as he knew for certain that Pretoria was in our possession. His example has been copied by many in the neighborhood."

Newark, O., June 15.—John W. Cassingham of Coshocton was nominated for congress by the Democrats of the Seventeenth district, which is strongly Democratic.

SQUEEZE THE "WATER" OUT OF THE TRUSTS.

W. J. Bryan, in the National Watchman, offers the following cure for the trust evil:

Why is this the greatest nation in the world? Why do our people produce and consume three times as much as any similar population in the world? It is because there is hope in the young man's heart in this country. It is because here it has been our proud boast that the son of the humblest citizen can aspire to the highest reward in industry and business and politics.

But now conditions are taking the hope out of the young man's heart and planting despair in the place of hope. I believe that there is a simple remedy.

I believe that with it you can destroy every monopoly in private hands. The State can do it. It can do everything and without taking from the State a single right that it now has. I would have Congress declare that before any corporation organized in any State shall do business outside of the State it shall take out a license from the federal government that will enable it to do business in other States upon the conditions imposed by those States. But it cannot do business outside of the State of its origin until it complies with certain conditions necessary for the public welfare, and before that license is granted let the water be squeezed out of the stock of the corporation.

There will be a flood for a while, but it will half destroy every private monopoly. Squeeze the water out of the stock and make it an honest corporation organized for an honest business, and every honest corporation ought to help squeeze the water out of the dishonest ones.

Then provide as a second condition that before the license is granted the corporation must show that it is not attempting to monopolize any branch of business or the production of any article of merchandise, and then provide that the license shall be forfeited if the conditions are violated. Apply that law and I believe you can destroy every private monopoly and prevent the creation of a new one.

Suppose the sugar trust wanted a license. The evidence would show that it produces 98 per cent of the sugar. It could not get a license and could not do business outside of the State of its origin. You would cut them out of forty-four States and leave it but one. It would have to dissolve and then you would have competition between rival factories.

MR. WALTER FISCHER.

Unusually Sad Death of a Popular Young Citizen—The End Came Friday Afternoon.

Mr. Walter Fischer, whose serious illness was mentioned the first of the week, died Friday afternoon at 2:10 o'clock at his home, 504 East Second street.

Mr. Fischer had been ill about a month, but had been confined to his home only two weeks. He fell a victim of typhoid fever after a brave struggle. His death is an unusually sad one, as he leaves a young bride of only a few months. Mr. Fischer was born in Louisville and was twenty-two years of age. Two years ago last April he graduated from the Louisville College of Pharmacy and shortly afterward accepted the position of prescription clerk at Armstrong's drug store, remaining with the firm until his death. Oct. 11th last he married Miss Kathryn Bowden Lowe, of Bourbon County, who survives him. Among the relatives he leaves at Louisville is his widowed mother, Mrs. Anna Fischer.

Deceased was a member of Maysville Lodge, F. and A. M., Maysville Commandery No. 10, K. T., Ringgold Lodge No. 27, I. O. O. F., and Mason Lodge, A. O. U. W. He was one of the youngest Knights Templar in the State.

The funeral will take place Sunday at 5 p. m. at the residence. Deceased was a member of the Christian Church and the minister, Rev. Howard T. Cree, will officiate. Members of the various orders and the public invited.

The remains will be taken to Louisville on the 6:10 a. m. train Monday for interment.

The hydraulic elevator at M. C. Russell & Son's got out of fix Friday, and examination disclosed a turtle in the water supply pipe.

But there is no need to feel like that. Listen to J. W. Gardner, Idaville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down, and don't care whether he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cents at J. J. Wood & Son's drug store. THE PLATFORM.

Declaration of Principles Adopted by Kentucky Democrats.

Bryan Indorsed. Trusts Denounced and Republicans Held Responsible For Assassination of Goebel.

The following platform was unanimously adopted by the Democratic State convention at Louisville Thursday:

The Democracy of Kentucky in convention assembled hereby declare and adopt the following platform of principles:

We approve the call of this convention. We hereby reaffirm the platform of the Democratic party adopted in National convention at Chicago in 1896, and the delegates to the Kansas City convention are hereby instructed to cast the twenty-six votes of Kentucky for the reaffirmation of said platform, in whole and in part; for William Jennings Bryan for President, and to vote as a unit upon all questions arising in said convention.

We denounce the foreign policy of the present Republican administration as anti-American and anti-republican. It seeks to establish a system of imperial government for our recently acquired territory hitherto unknown in our country's history, and subversive of the principles of republican government. It imposes a tariff upon the people of Porto Rico whilst giving free trade to the British Island of Jamaica. It has established a system of corruption and spoliation in the island of Cuba more disgraceful and onerous than was ever endured under Spanish administration. It is maintaining an army of 60,000 men in the Philippine Islands, and after nearly two years of warfare has made but little, if any, material progress toward the establishment of peace or order. It has increased the standing army from 25,000 to 62,000 men, and proposes by legislation now pending in Congress approved by the present Republican administration to still further increase the army to more than 100,000 men. We believe and we insist that the safety of the republic rests in its citizen soldiery, and its chiefest danger is to be found in a large standing army, subject at all times to the arbitrary control of the President.

We condemn and denounce the financial legislation of the present Republican Congress in fastening the single gold standard upon the people, and conferring upon national bankers absolute and arbitrary power to fix the volume of our money, and substitute interest-bearing national bank paper in place of non-interest-bearing greenbacks.

We hereby extend our sympathy to the two South African republics in their struggle to maintain their independence against the aggressions of Great Britain.

We express our unqualified opposition to those immense combinations of capital commonly known as trusts, which are concentrating and monopolizing industry and business, crushing independent producers of limited means, destroying competition, restricting opportunities for labor, promoting artificial production, raising prices, and by reason of their alarming multiplication throughout the country are rapidly creating a condition which is becoming intolerable and dangerous to the peace and safety of this republic. We condemn the Republican party, having control of both houses of Congress and the Executive, for refusing and failing to enact any law for their suppression and destruction.

We commend the Democratic State administration and party for their conservatism in appealing to the law to settle all questions of dispute, and congratulate the General Assembly on their vindication of its course by the highest judicial tribunals of the State and Federal Government, and we especially commend the patience and endurance of our people under trying circumstances and conditions which ordinarily would have excited a less peaceful and law-abiding population to acts of violence.

We declare the assassination of our late lamented leader, William Goebel, to be the result of a conspiracy of the Republican party. We denounce this atrocious crime as without a parallel in all history.

We condemn the action of William S. Taylor in bringing to the State capital an armed force of lawless men, for the purpose of intimidating the Legislature and assassinating the Democratic members thereof. We condemn his action in calling out the militia and placing himself at its head to obstruct the processes of the law and to overthrow our republican form of government. We denounce his attempt to disperse the Legislature, a co-ordinate branch of the government, by the use of armed forces as arbitrary, unconstitutional and unprecedented. We condemn him for his obstructing the execution of a writ of habeas corpus, for refusing to obey the civil process of the law, for harboring those suspected of the murder of William Goebel, and for attempting to pardon them before accusation or indictment, for using the militia to protect those charged with murder, while attempting to flee from the State; and we denounce him for disgracing the State of Kentucky by fleeing the jurisdiction of its courts and remaining a fugitive from justice under the protection of the Republican Governor of Indiana.

Resolved, That the Republican convention held in Louisville on the 17th day of May, 1900, having indorsed the course of William S. Taylor, has thereby made all his acts an issue in the coming campaign, and has made itself participes criminis to said conspiracy and assassination and the lawless acts of said Taylor.

In the judgment of your committee all recommendations relating to State legislation belong properly to the coming State convention to nominate a candidate for Governor on the 19th of July, and therefore we recommend that all matters of State legislation be deferred to that convention for settlement.

We cordially invite all voters in Kentucky who are opposed to the policy of the Republican party to unite with us in our effort to restore the government to the hands of those who believe in Constitutional and honest administration of public affairs.

In a speech to the convention, Senator Blackburn speaking for the committee said:

I have said to the people of Kentucky in the most public way in which I could communicate it, through the press of the State, that after the election and previous to his assassination, in more than one conference with Gov. Goebel, we had agreed that this law needed to be amended, and that we would give our joint efforts in an honest purpose to amend it, as we had determined. I have made that statement. There are men here around me, members of this Committee on Resolutions, who had similar interviews with your late martyred Governor, who will bear testimony to the same effect. But if

there be a Democrat within the sound of my voice, if there be a Democrat within the limits of this Commonwealth who doubts that Gov. Goebel went to his grave with the purpose fixed in his mind to amend this law that bears his name, let that Democrat come to me; for I hold in my pocket, and now in my hand, the letters of your idol leader bearing testimony to similar interviews, and to the same effect as the statements that I have made. (Applause.)

I believe that Kentucky is a Democratic State. I believe that under normal conditions, with a fair, free and open ballot, Kentucky has a Democratic majority of 40,000 to-day at the polls. We do not need machinery to enable us to steal an election. All that we want to do and need to do is to enact such election machinery as will keep the other fellows from stealing and give us an honest count.

I announced months ago through the public prints that it was my purpose, and I announce to-night that it is my unchanged, my unchangeable and my unalterable purpose to advocate, and to the extent of my poor power, to enforce such amendments to your present election law as will give representation to both the leading political parties of this country, and insure a fair and honest count. I want to see that law amended so as to give a minority representation to the Republicans upon your State Board of Election Commissioners and 119 counties of this Commonwealth. What need have you for more? I want to see that law amended in another respect. I want to see every emblem, every device, every mark stricken from the ballot (applause), thereby establishing an educational qualification for the voters of Kentucky. I want to make it a spurious ballot if that ballot bears a single name, mark, emblem or device that will enable one who cannot read to cast the vote the way his boss or master has ordered.

These amendments I want to see engrafted upon your election law, and on the authority of your Committee on Resolutions here and now, I state that these amendments were agreed to in that committee without a dissenting voice.

Petticoats!

Some new shapes are shown in black and colored Petticoats of mercerized cotton that look wonderfully like silk and wear better. P. N. Corsets!

Strength is the most noticeable feature of these excellent Corsets. Not only are they shapely and graceful in design but they stay so, through hardest wear. They are guaranteed not to stretch or bend out of shape or to break at the hips. For stout women they have no equal, yet the corsets for slender women give a rounded shapeliness that is retained permanently during the life of the corset and they last longer than usual corsets. THE YEAR'S WORK.

Splendid Showing Made by the
Y. M. C. A.

Nearly 16,000 Visits To the Rooms Last
Twelve Months—Anniversary Service To-morrow Evening.

Report of the general work of the Y. M. C. A. for year ending June 1st, 1900: The report of the work in most of the departments is better than has ever been given. The Y. M. C. A. has grown to be an important factor for good in the community, and is used by large numbers of men and boys daily. Business men run in to look at daily reports in newspapers or to refer to some back number of some periodical. Professional men spend some time in the reading room and boys and young men use every privilege open to them freely.

Large numbers of persons, not members of the association, make good use of the reading room and other free privileges.

Let the public, especially those who think the Y. M. C. A. does not amount to much, examine the following report which is exact in every particular:

Total number of visits to rooms, 15,624; forty-two was the daily average.
One thousand three hundred and four was the attendance at fifty men's rallies held, twenty-six being average attendance; 2,000 notices were distributed for same.
Three thousand two hundred and fifty-three baths were taken, ten being average per day.
Twelve was the average attendance at the six services held during week of prayer for young men.
Six receptions held, 475 being total attendance. Sixty attended one lecture; 500 attended one concert.
Thirty-eight committee meetings; 260 total attendance.
Number of times gymnasium was used, 800.
Number of times business men's class met, 49.
Number of times young men's class met, 46.
Number of times junior class met, 45.
Number of books in library, 225.
New books added during year, 125.
Number of books drawn out during year, 130.
Introductory letters written, 10.
Number of other letters written, 375.
Number of notices sent out, 1,500.
Membership—Regular members, 96; contributing and sustaining, 65; junior members, 12.

This will be a union service of all the churches and everybody is most cordially invited to take advantage of this splendid opportunity.

GRANT BOYD, the negro who escaped from jail at Flemingsburg two weeks ago, was recaptured Friday afternoon by Constable Dawson and the Marshal of Flemingsburg. Boyd has been working for Mr. George Sheeler near Tuckahoe, and the little item in Wednesday's BULLETIN telling of his escape led to his arrest.

THE BULLETIN acknowledges the receipt of a handsome program of the thirty-seventh annual commencement of the Visitation Academy of Rock Island, Illinois, at Harper's Theatre, June 14th. The program contained a good list of scholars and the entertainment no doubt was thoroughly enjoyed by those present.

Splendid Freight Facilities of the C. and O.'s New Sidings.

Benefit Concert.

Few cities can boast of an orchestra as up-to-date and generally popular as that enjoyed by Maysvillians. Few orchestras have a more competent leader and delightful pianist, than the one the citizens of this town applaud, and to whom something more than applause is due. Tuesday evening, June 19th, the people are to have the opportunity of showing their appreciation by attending the benefit concert for Miss Berry and Prof. Bullett. The program will be made up of selections for the full orchestra as well as solos for its different members. Miss Berry's long work in the musical growth of the town and her accommodation to her friends deserve to bring out a goodly number of our people on the evening before named.

Encourage an organization that means so much to all other entertainments by being one of the large audience that should greet them on the evening of the 19th at the Christian Church.

Admission 25 cents.

MORE EVIDENCE.

It Is Coming in Rapidly in Maysville.

Evidence on the following subject will prove of interest to every Maysville reader. So many people go through the same experience daily. This statement should be proof positive to every wavering doubter. Read it carefully:

Mrs. W. R. Woodward, residing at West End, near Pogue's distillery, says: "Pains in the back and other evidence of a disturbed condition of the kidneys were quickly and thoroughly cured by the use of Doan's Kidney Pills which I got at J. Jas. Wood & Son's drug store, corner of West Second and Market streets. There is no reason why ladies should suffer from backache and kindred troubles when such a reliable and effective preparation can be had."

Don't Be Blind To Facts You Should Know

The Testing of the Eyes by a competent Optician is not a matter of guess work, nor is it a matter of trying on glasses promiscuously, but it is a science governed by principles which none but a person who

has studied the science of Optics can understand. We have, with years of experience and close application to properly fitting of glasses to the sight, acquired the knowledge of knowing how, a fact which certainly gives us a great advantage.

Come and let us examine your eyes and we will advise you regarding the true condition of them.

That will do the work required of them in 'steen minutes—or thereabouts. "There are others" which require careful nursing and lots o' elbow grease to make them turn out even a fair sample of frozen goodies in a much longer time. We sell the

LIGHTNING and GEM

They lead the procession. When you are ready to install a plant of your own, come in and let us give you a few pointers on Freezers. Experience is a dear teacher, and it's best to be informed before a purchase is made.
